

# SPELLING LIST 6

**Objective:** I can add the letters 'ies' to verbs and nouns that end in the letter 'y'.

<b>Adding 'es' to words that end in the letter 'y'.</b>	
cries	flies
dries	tries
applies	babies
implies	replies
identifies	supplies
magnifies	carries

Changing the ending of a verb or noun that ends in y to 'ies'.

To form the plural of a noun (a name) we change the letter y to 'ies'.

*Baby >> Babies*

If the word is a verb (action) that ends in the letter y then we change the y to 'ies' if we are referring to an action completed in the third person

(he, she, it).

For example:

*I spy with my little eye. This makes sense.*

*She spy with her little eye. This doesn't make sense so we change spy to spies. She spies with her little eye.*

<b>TWO TO TEST</b>	spies	jellies
--------------------	-------	---------
